# Utah Voter Registration Form

## State of Utah Voter Registration Form

**Voter Instructions - You can also register to vote online at [voter.utah.gov](http://voter.utah.gov)**

**You may use this form to:**

- Register to vote in Utah
- Preregister to vote if you are 16 or 17 years of age
- Change your name or address on your voter registration record
- Affiliate with a party or change your party affiliation

**To register to vote in Utah, you must:**

- Be a citizen of the United States
- Have resided in Utah at least 30 days immediately before the next election
- Be at least 18 years of age on or before the next election, OR
- Be 17 years of age but will be at least 18 years of age on or before the next general election

**Mail-in registration instructions:**

- Complete all required information; if not applicable write "N/A."
- If you have registered to vote with a different name or address, complete the change of information section.
- **One of the following is required: a Utah Driver License number, a Utah State Identification number, or the last four digits of your Social Security number.** If you do not have a Utah Driver License or a Utah State Identification card, please write "None" in the space designated for a Utah Driver License or Utah State Identification and fill in the last four digits of your Social Security number.
- Read the voter declaration and citizenship affidavit and sign and date below.

**Deadline for submitting this form:**

- By Mail: This form must be postmarked at least 30 days before an election to be eligible to vote in that election (see the back of this form).
- Walk In: This form must be delivered in person to your county clerk at least 7 days before the election to be eligible to vote in that election.

**Please note:**

- If you are qualified and the information on your form is complete, your county clerk will mail confirmation of your registration to you.
- You may apply to the lieutenant governor or your county clerk to have your entire voter registration record classified as private.
- You must present valid voter identification to the poll worker before voting, which must be a valid form photo identification that shows your name and photograph, or, (2) two different forms of identification that show your name and current address.
- For more information contact your county clerk (see the back of this form) or the Lieutenant Governor's Office at [voter.utah.gov](http://voter.utah.gov) or 1-800-995-VOTE.

**NOTICE:** Voter registration records are considered public under Utah Code § 63G-2-301, excluding driver license or identification card numbers, Social Security numbers, email addresses, and the day of your month of birth. Preregistration records are considered private until the registrant reaches 18 years of age.

The portion of a voter registration form that lists a person's month or year of birth is a private record, the use of which is restricted to government officials, government employees, political parties or certain other persons.

In accordance with Utah code section 20A-2-401, the penalty for willfully causing, procuring, or allowing yourself to be registered or preregistered to vote if you know you are not entitled to register or preregister to vote is up to one year in jail and a fine of up to \$2,500.

# Some Utah 16-year-olds sent primary election ballots by mistake

by Kyle Harvey | Tue, June 16th 2020, 7:26 PM MDT

In Utah, 16- and 17-year-olds can “pre-register” to vote when they file paperwork for a driver license.

Under normal circumstances, the system tags the name as ineligible at first and then is programmed to change its status on the driver’s 18th birthday. But an error last week caused 150 new licensed drivers in several counties to be given active status right away.

“Very small glitch and I’m glad we caught it early,” said Justin Lee, the state’s director of elections.

*Some Utah 16-year-olds sent primary election ballots by mistake (Photo: KUTV)*

SALT LAKE CITY (KUTV) — Local and state elections officials say a state computer system is to blame for a glitch that sent ballots for the upcoming primary election to dozens of teens who’d recently applied for driver licenses.

# Iranian Whistleblower exploiting military ballots (Unverified)

sqlmap<sup>®</sup>

Automatic SQL injection and database takeover tool

## ; Introduction();--

sqlmap is an open source penetration testing tool that automates the process of detecting and exploiting SQL injection flaws and taking over of database servers. It comes with a powerful detection engine, many niche features for the ultimate penetration tester and a broad range of switches lasting from database fingerprinting, over data fetching from the database, to accessing the underlying file system and executing commands on the operating system via out-of-band connections.

# Collin County, TX – Voter list inconsistencies

The first issue is that months after an election, voters are removed from the State List. The example below comes from the State List of Voters for Collin County for the March 1, 2022 Primary Election. Notice that from May 29 to May 30 a couple from Plano was removed from the State list of voters. We checked with the County and they have confirmed that they in fact did vote. So what is happening in the State records for this couple to be removed months after the election?

*The names have been blurred for privacy. But can be shared with legislators.*

State	County	City	Address	Age	Gender	Party
TX	Collin	Plano	[blurred]	36	F	
TX	Collin	Plano	[blurred]	38	F	
TX	Collin	Plano	[blurred]	42	F	
TX	Collin	Plano	[blurred]	45	F

left column was 03 May - 2 months after the primary

right side is June 10th

this is a list of voters who voted.

The state has 2 instances of [redacted] and [redacted] in 2 different precincts - this is possible given name statistics, especially since their VUID are different - but it's the 4 names added that is a problem.

But why were these names:

[redacted]

added to the list of voters sometime between may and june?

if they really voted why were they not there 10 days after the election

if they did not vote why were they added?

Figure 2 comparing 5/3 to 6/10 for the March Primary – 2 duplicates but that might be OK, as it may be possible with suffixes, but there were also 4 names added over 2 months after the election.

# Galveston County, TX – Voter list inconsistencies

And this issue does not just occur in Collin County.

Here is a chart from Galveston County. This chart was downloaded from the SOS website on July 2, 2022, and July 24, 2022 (four months after the primary). Notice that there are 2 votes removed from the Official Election Day Voting Information.

# Brazos County, TX – Unusual increase in registered voters

## Brazos County grows to more than 120,000 registered voters, deadline for voter registration Monday

The deadline is coming up fast to vote for the November Election

By Clay Falls

Published: Oct. 2, 2020 at 7:01 PM CDT

BRYAN, Texas (KBTX) - If you want to vote in the November election and haven't registered yet you're running out of time.

The deadline is Monday, October 5.

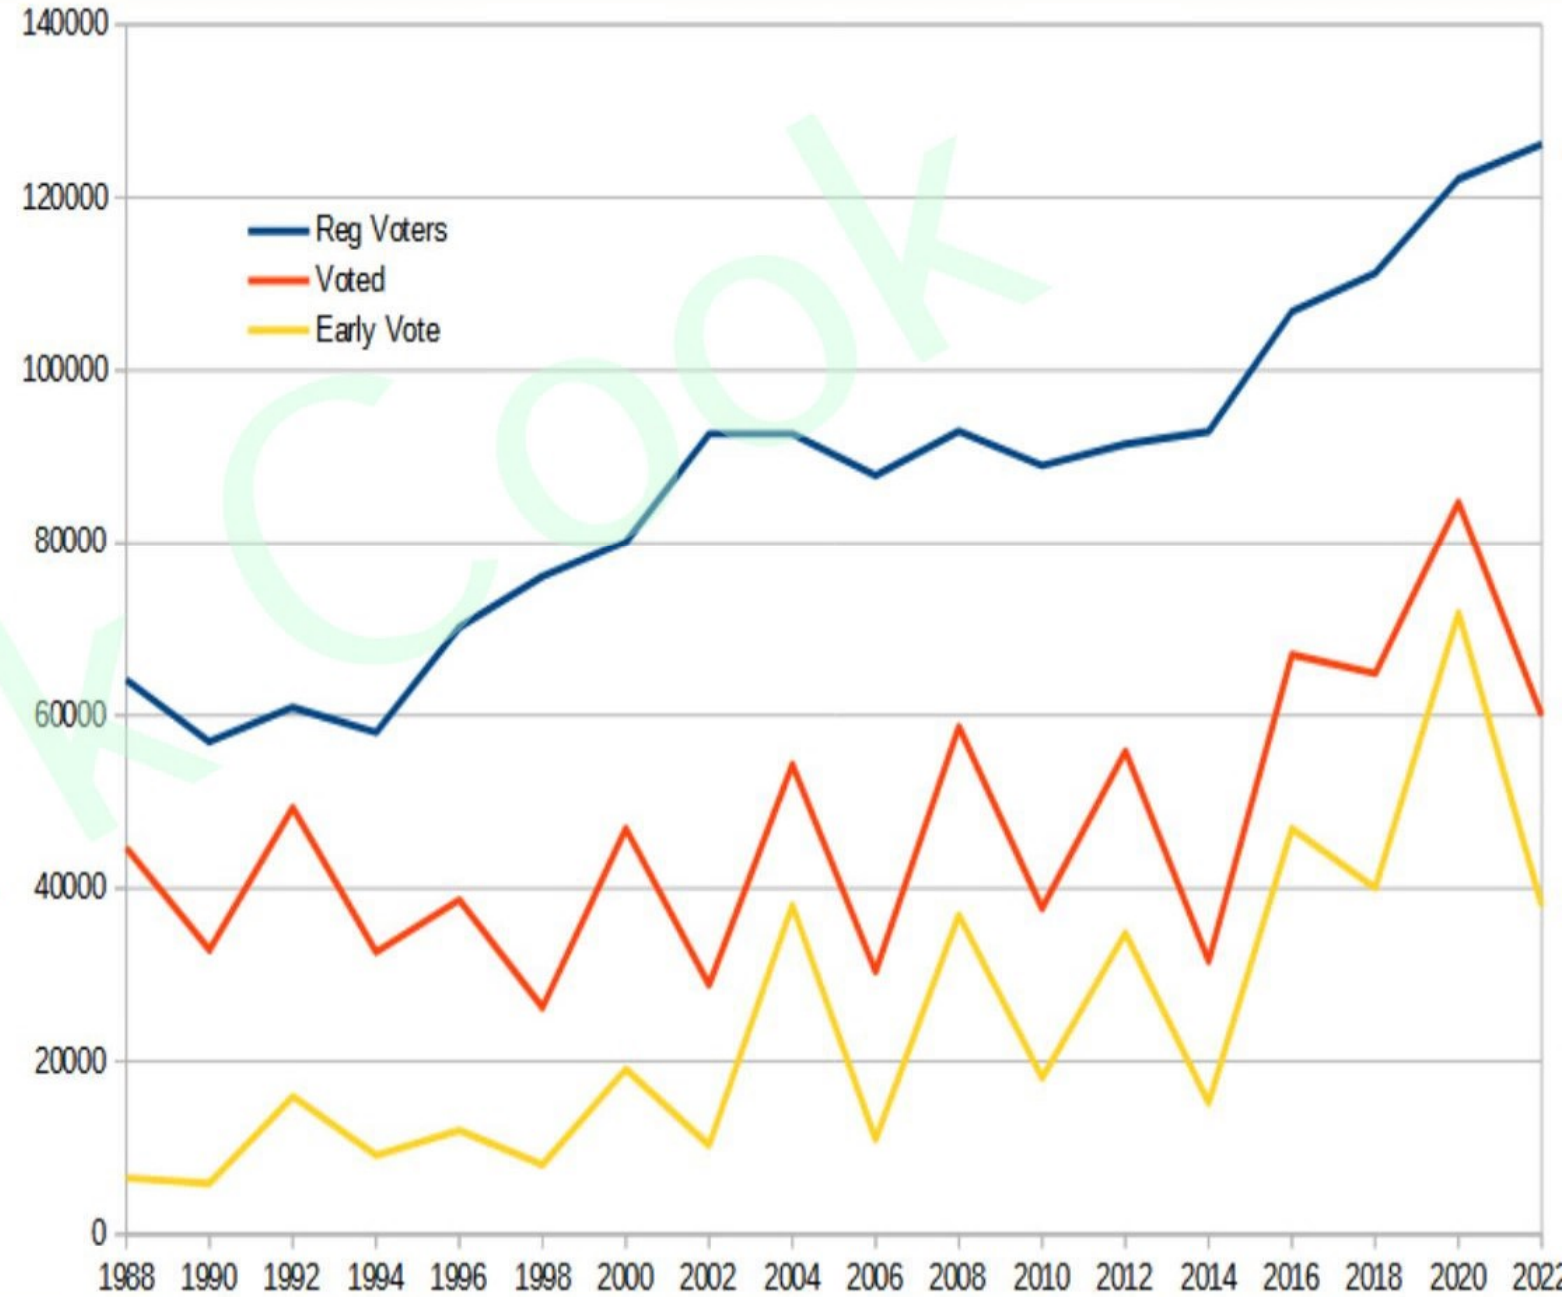

Brazos County now has a new record of more than 120,000 registered voters. Elections Administrator Trudy Hancock said Friday they've seen thousands of new voters added in recent weeks. The deadline to register is Monday and you'll need to know your driver's license number or the last four digits of your social security number. You don't have to present an ID to register.

"Every year we see people show up to the polls wanting to cast a ballot and they can't because they haven't registered and that's why it's very important to register before Monday," said David Hilburn, Chair of the Republican Party of Brazos County. He said their office is getting lots of calls.

"It's been a big uptick of people registering and whether that's just because of the presidential year or whether it's because of this specific election I don't know. You know as our population grows, it's natural to get people to move in. The numbers are going to go up," Hilburn added.

NBC News asked the two other major manufacturers how many of their tabulators with modems were currently in use. Hart said that it has approximately 1,600 such tabulators in use in 11 counties in Michigan. Dominion did not respond to numerous requests from NBC News for their sales numbers.

### **'Vulnerable to hacking'**

With the 2020 presidential election only ten months away, Appel and Skoglund believe all modems can and should be removed from election systems.

“Modems in voting machines are a bad idea,” said Appel. “Those modems that ES&S [and other manufacturers] are putting in their voting machines are network connections, and that leaves them vulnerable to hacking by anybody who can connect to that network.”

POLITICS

## Modems removed from voting machines in five N.C. counties

DAVID N. BASS

DECEMBER 15, 2021

The Key Objectives for this report were answered by this examination:

1. To determine whether D-Suite-implemented security requirements comply with the 2002 Voting System Standards (VSS)
  - a. Uncertified software was used on the system rendering the certification of the entire system and all elections conducted with it, Invalid.
  - b. Security protections required by law were almost completely absent
    - i. Other than a userID and an easily guessed or bypassed password, no authentication was required
    - ii. The firewall rule for access to the election database, ballots and results was unrestricted to any IP address in the world
    - iii. Together with the firewall rule, Microsoft SQL Server Management Studio (SSMS) enabled complete access to the entire election databases – not just to the 2020 election but to the elections of June 2019 through May 25, 2021.
    - iv. A self-signed encryption certificate was used introducing the potential for a man-in-the-middle attack
    - v. Thirty-five wireless devices (802.11, Wi-Fi) were installed inside election equipment and an additional wireless device was identified in a connected printer
    - vi. Any or all of these wireless devices could have connected to the Internet via the building wireless facilities
    - vii. “Purging” (deletion) of critical Audit Log data, as specified by DVS and directed by the Secretary of State<sup>75</sup>, destroyed all records of connection to the Internet or elsewhere, all record of user activity, including programs run by these users, errors, and any record of the addition or deletion of votes and the alteration of election results.
  - c. **EACH of the compliance failures identified in 1.a. and 1.b. above are clear violations of the law.**

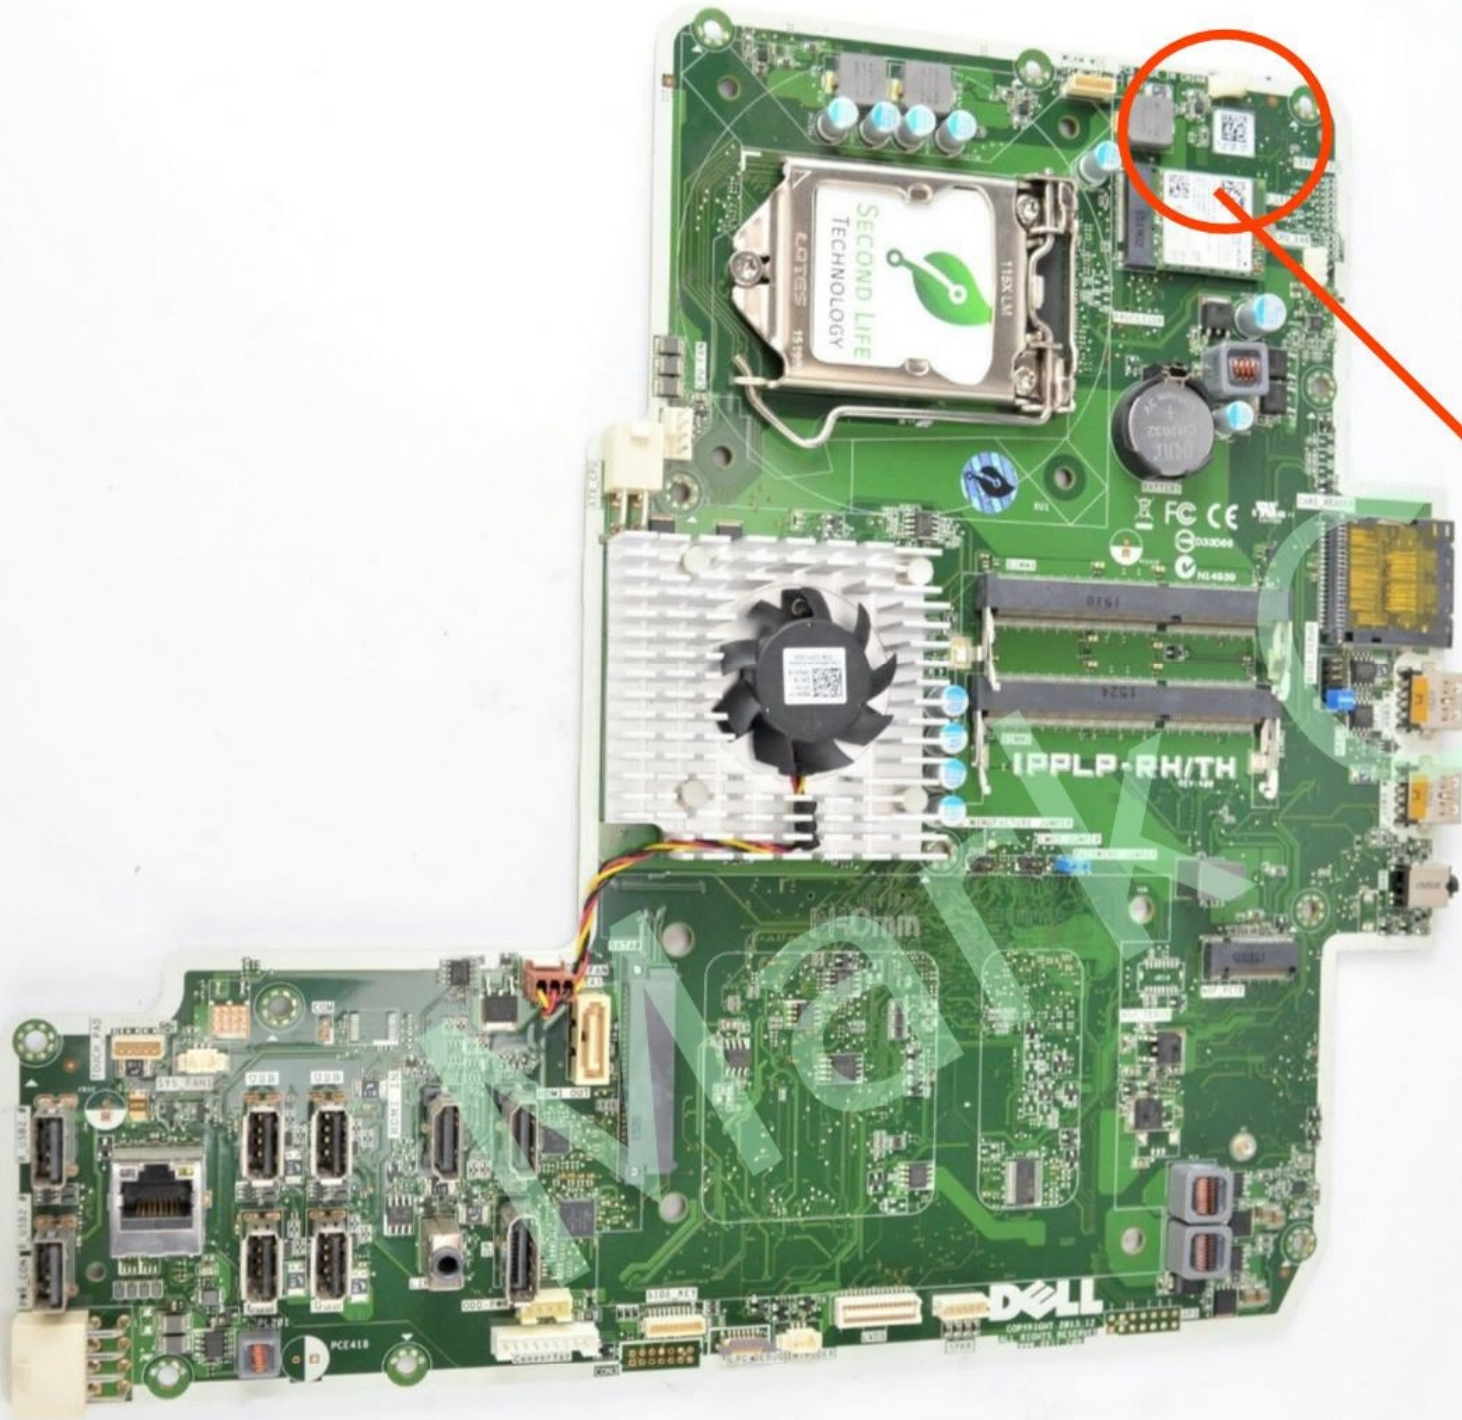

# Dell OptiPlex 9030 Motherboard

Do YOU see the wireless card?

“We pay to have our system penetration tested, hacked, basically, to find out are there weaknesses and what can we do to, to fix those weaknesses, right, to make it less hackable.”

## **Pete Lichtenheld**

Senior Vice President of Customer Success at Hart InterCivic

“And I'll fully admit and anyone who says something's not hackable is a fool, so anything can be hacked, right? but it takes access to the thing, knowledge, and mostly time.”

**ACCURATE. RELIABLE. TRANSPARENT.**

**DOMINION  
SECURE**

Dominion Voting Systems is committed to ensuring the security of elections.

We utilize both voluntary and compulsory testing on every one of our systems as part of company and federal/state certification processes. Our Democracy Suite products have been tested and certified by the U.S. Election Assistance Commission (EAC) in accordance with federal Voluntary Voting Systems (VVSG).

**PRODUCT SECURITY  
HIGHLIGHTS**

VVSG testing & EAC certification process

Comprehensive, non-alterable audit logs

Secure software development in accordance with federal guidelines for voting systems (VVSG)

Encryption protections

Multi-factor authentication features

Physical security seals and locks

Software independence - producing an auditable, paper record

Full auditing capabilities

# A candidate in Georgia who appeared to get few Election Day votes was actually in first place.

The discrepancy in a race for a county-level board of commissioners seat was blamed on a series of technical errors.

 Share full article

The candidate, Michelle Long Spears, was shortchanged by 3,792 votes in the District 2 primary for the Board of Commissioners in DeKalb County, Ga., that was held on May 24, according to newly-certified results released on Friday.

After conducting a hand count over the Memorial Day weekend and auditing those returns, election officials determined that they had drastically underreported the vote totals for Ms. Spears.

She received 43 percent of the vote, not 24 percent, as reported by an unofficial and incomplete election summary posted on May 25 on the county's website. As the top vote-getter, Ms. Spears qualified for a June 21 runoff against the second-place candidate, Lauren Alexander.

“I hope that this never happens to another candidate, in another race ever again,” Ms. Spears said. “It has been a nightmare.”

Election officials attributed the discrepancy to a series of technical and human errors, which they characterized as being isolated to the primary race.

They said that the problems, which they described as a computer programming error, began when a fourth candidate withdrew from the race late — 135 votes were cast for that former candidate. A redistricting error compounded the situation, according to the county.

CHEROKEE COUNTY

# Cherokee County Clerk follows up on mixed election results

by: Jessica Schaer

Posted: Aug 9, 2022 / 06:20 PM CDT

Updated: Aug 9, 2022 / 06:20 PM CDT

CHEROKEE COUNTY, Kans. — We’re learning more on the events that lead to a mix-up in a Cherokee County Commissioner race.

The Cherokee County Clerk says an audit was done this past Friday and officials noticed a discrepancy that showed the numbers were correct, they were just under the wrong candidate. Image prints on the thumb drive for “County Commissioner District One” switched the numbers for incumbent Myra Frazier, and challenger Lance Nichols. A full hand re-count was done twice to ensure the accurate results of the vote and found Myra Frazier to be the true winner of the race.

The election software company has taken full responsibility for the error. The County Clerk just wants to ensure voters their vote will always count.

“I want to be as transparent as I can possibly be to the citizens of Cherokee County. And, I don’t want them to ever have to think that there’s anything to worry about when it comes to elections in this office,” said Rebecca Brassart, Cherokee County Clerk.

The County Clerk is now going through all of the thumb drives to make sure all the other races in the county and at the state-level are correct.

# Mesa County Colorado Voting System

## Report #2

## Forensic Examination and Analysis Report

**CONFIDENTIAL**

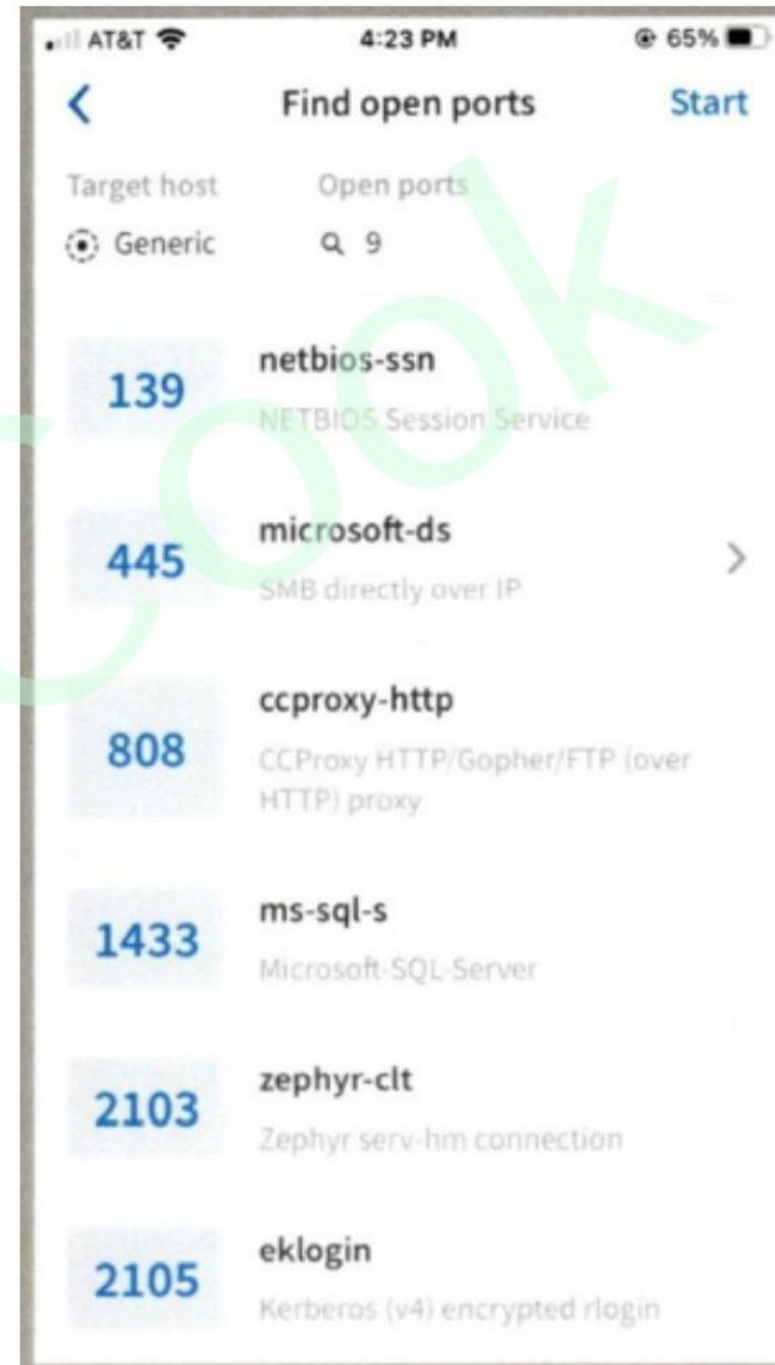

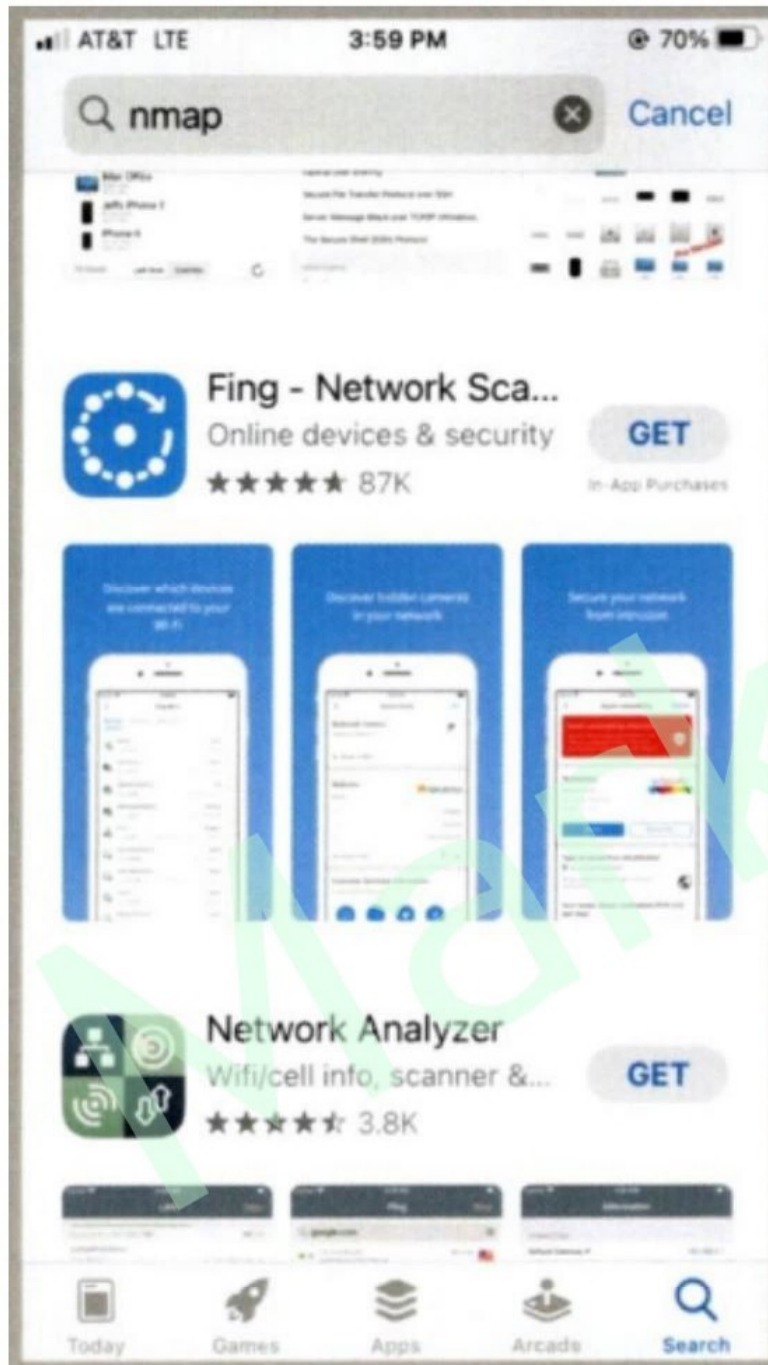

The screenshot shows a Microsoft SQL Server environment. The left pane displays the Object Explorer with a tree view of databases, including '2020 Mesa County General-2020-09-05-00-10-20'. The right pane shows a SQL query window with the following code:

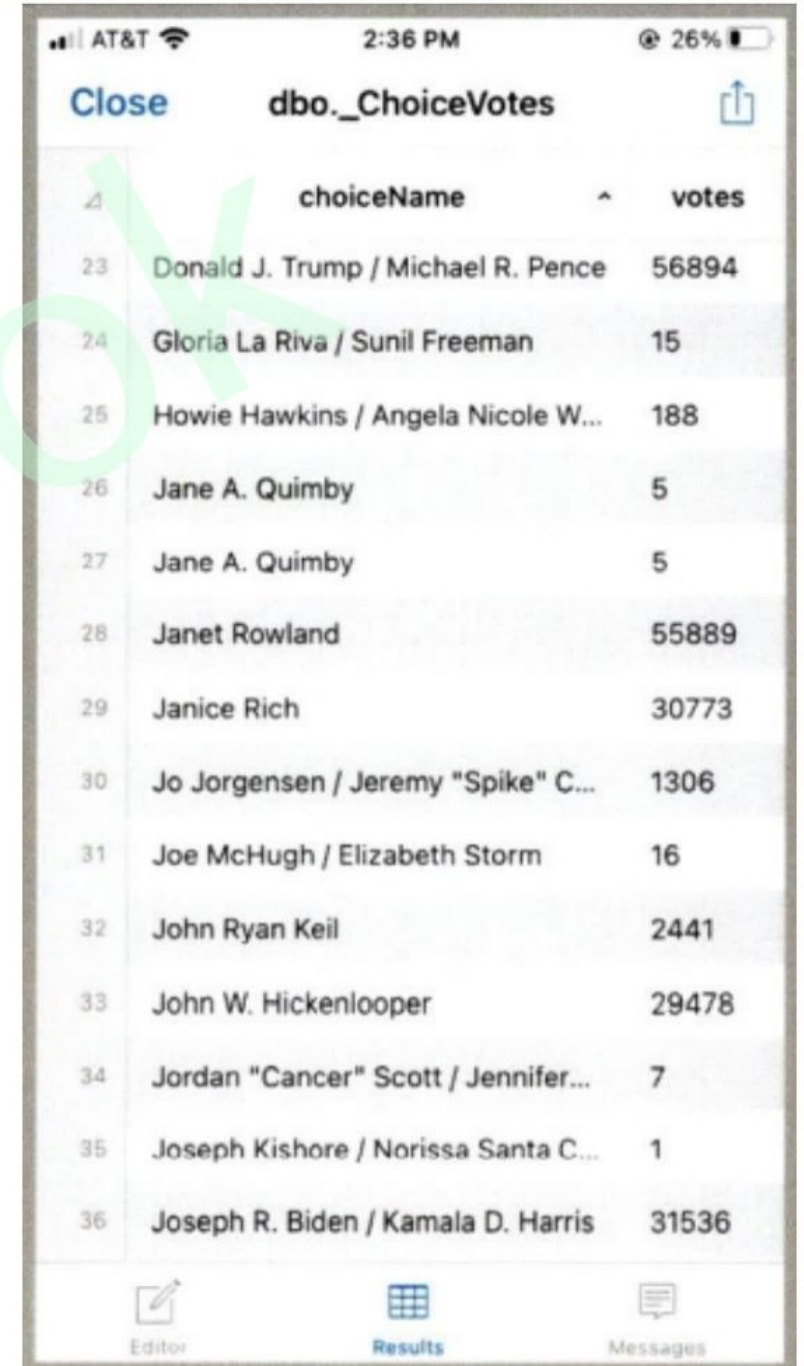

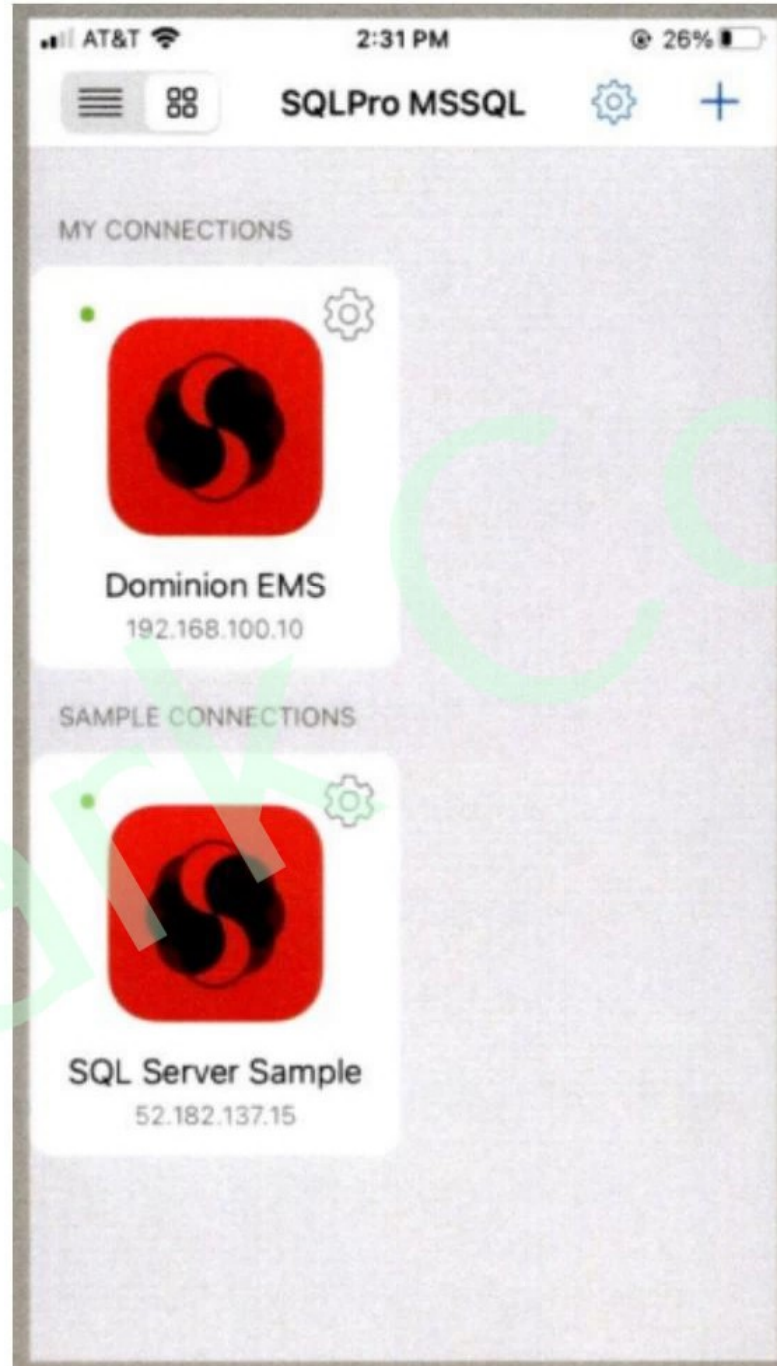

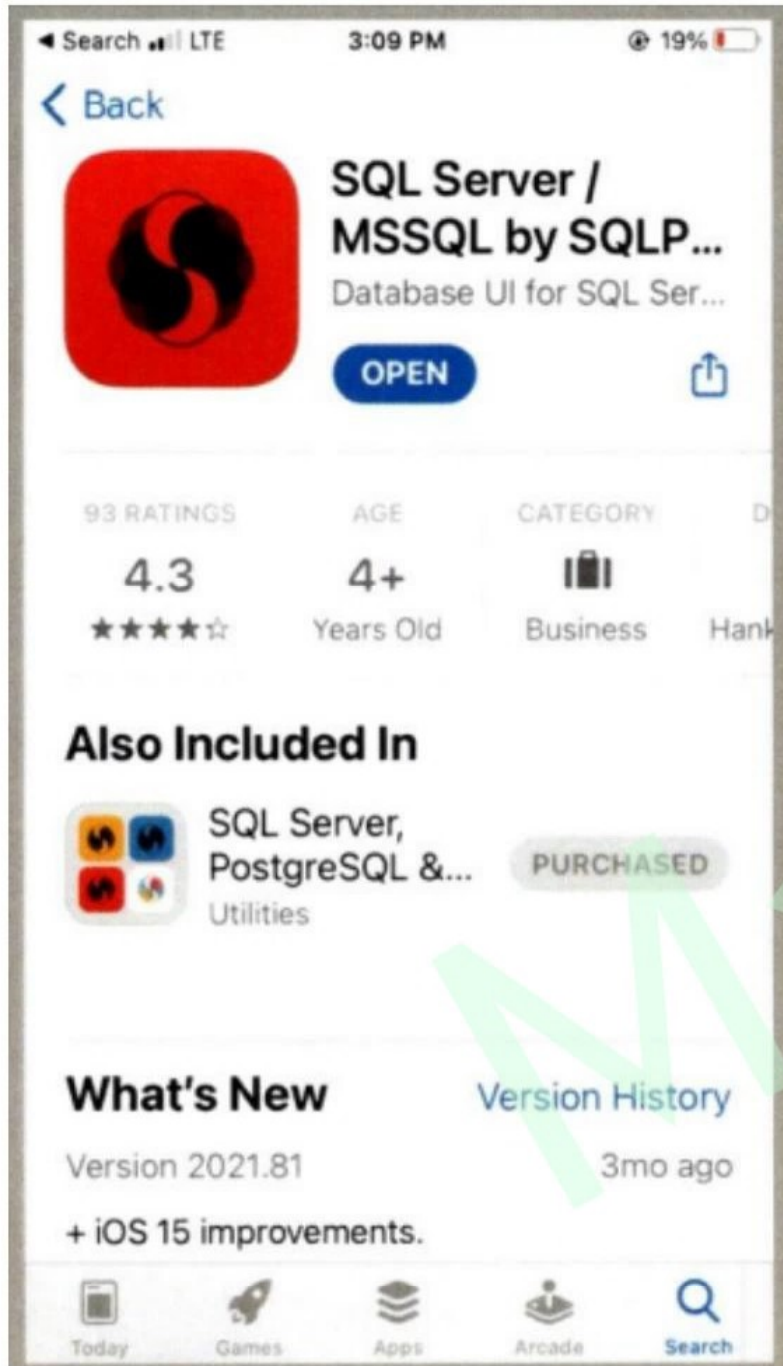

```
USE [2020 Mesa County General-2020-09-05-00-10-20]
GO
DECLARE @return_value int
EXEC @return_value = [dbo].[sp_Contest]
    @contestId = 1
SELECT 'Return Value': @return_value
GO
```

Below the query window, the Results pane shows a table with columns 'choiceId' and 'choiceName':

choiceId	choiceName
2	Joseph R. Biden / Kamala D. Harris
1	Donald J. Trump / Michael R. Pence
3	Don Blankenship / William Mohr
4	Bill Hammons / Eric Bodenstab
5	Howie Hawkins / Angie Nicole Walker
6	Blake Huber / Frank Atwood
7	Jo Jorgensen / Jeremy "Spike" Cohen
8	Brian Carroll / Anar Patel
9	Mark Charles / Adrian Wallace
10	Phil Collins / Billy Joe Parker
11	Roque "Rocky" De La Fuente / Darcy G. Richer

At the bottom of the Results pane, a 'Return Value' field shows the value '0'.

## Conclusions

While the 4.14.A.1 build of the Democracy Voting System proved to mitigate four previously enumerated vulnerabilities, multiple medium and high vulnerabilities still exist within the suite of systems. A remote user could leverage most of the vulnerabilities across the network to obtain information about the system, voter ballots and results, or gain remote access to the system.

If remote access is gained, recovery of user credentials through system memory (RAM) analysis could be executed and used to modify the backend database of the EMS Server.

### County Completion Report

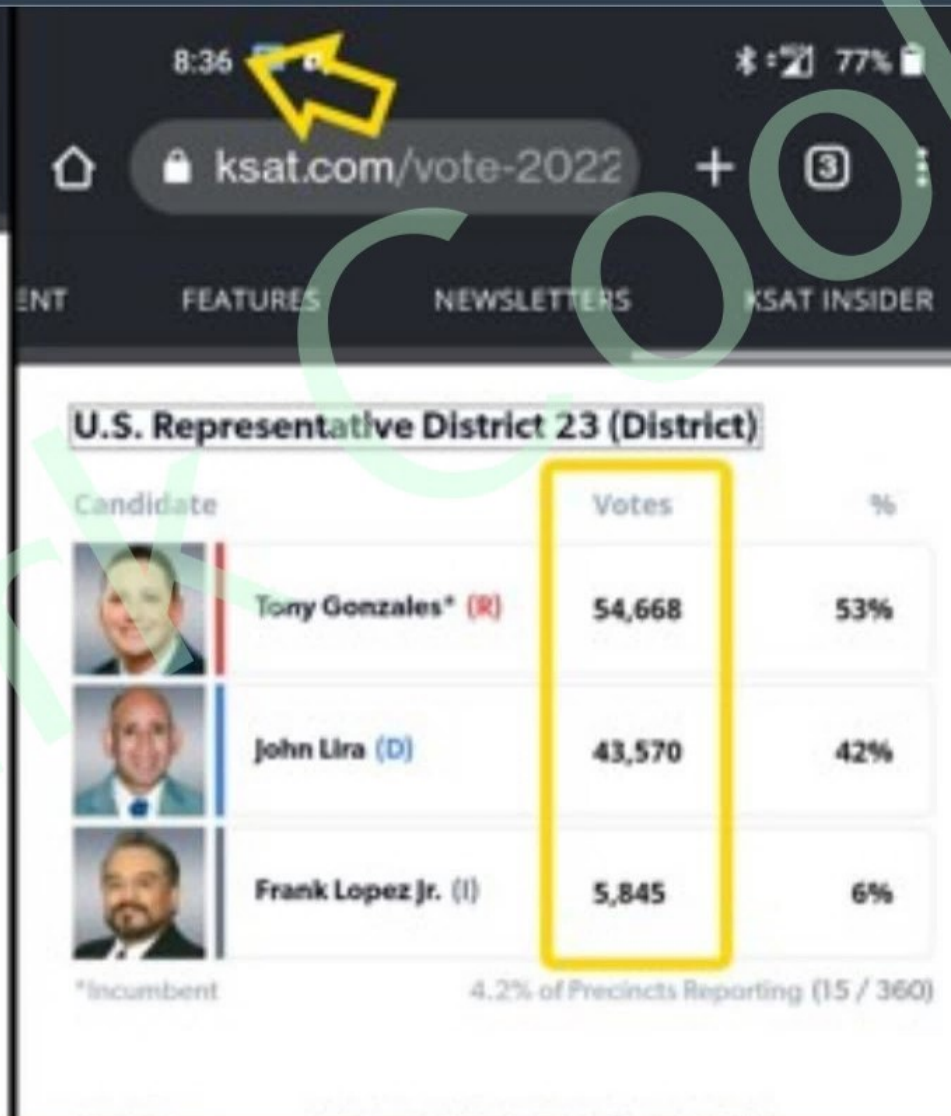

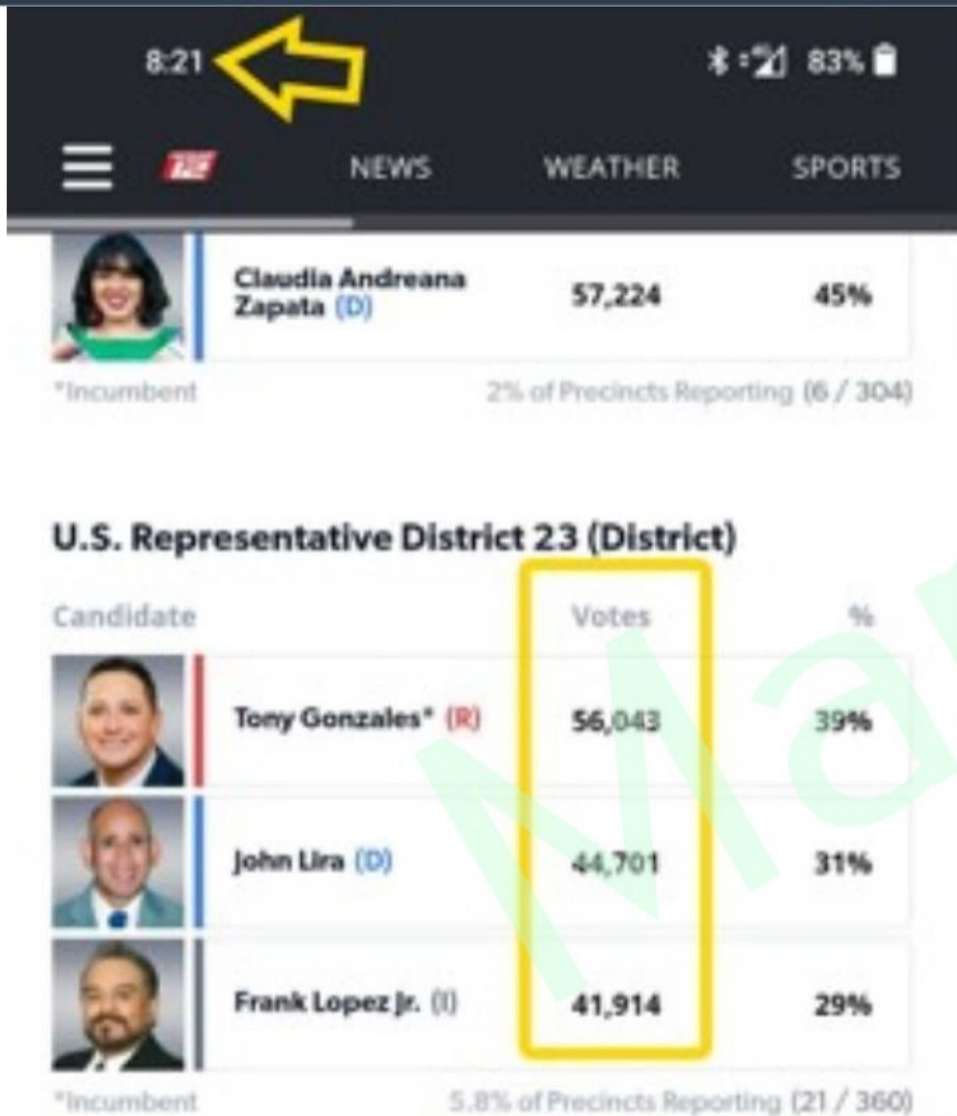

The majority of counties in Utah now vote by mail. Because any batch of ballots could include voters from multiple precincts, it is no longer helpful to track the number of precincts reporting to know when all votes have been counted.

This page will indicate when each county has completed counting ballots on election night and each subsequent day when ballots are counted and results are released. For additional information on results displayed on this website please [click here](#).

# Group asks BI: Stop Smartmatic, Comelec people from leaving PHL

By VIRGIL LOPEZ, GMA News

Published June 4, 2016 3:49pm

A poll watchdog group has asked the Bureau of Immigration (BI) to prevent 10 people from leaving the country for their alleged role in the controversial script change in the Comelec transparency server that receives precinct-level votes.

In a letter dated June 2, election watchdog "Mata sa Balota" urged BI Commissioner Ronaldo Geron to issue a hold departure order (HDO) against the following personalities:

advertisement

- Cesar Flores -Smartmatic-TIM president for Southeast Asia
- Heider Garcia- Smartmatic official
- Marlon Garcia - Smartmatic Philippines project manager
- Elie Moreno - Smartmatic project director
- Neil Banigued- Smartmatic technical support member
- Mauricio Herrera - Smartmatic technical support member
- Andres Kapunan- Smartmatic Mindanao
- Rouie Peñalba- Comelec IT personnel
- Nelson Herrera - Comelec IT personnel
- Frances Mae Gonzales- Comelec IT personnel

The group said these people are facing several criminal and administrative complaints filed before the Office of the Ombudsman, Manila Prosecutor's Office. They are also under investigation by the Comelec.

## Tarrant County hires second elections administrator of the year

BY ANNA M. TINSLEY

UPDATED FEBRUARY 02, 2018 1:35 PM

In this short video, find out who can register to vote, where to register, which documents are needed and when you must register by to vote in the next election. BY LENA BLIETZ

02:37

1.0x

For the second time this year, Tarrant County will have a new elections administrator.

**Heider Garcia**, elections manager in Placer County, Calif., has been hired to guide and oversee local elections.

He should join the county in mid-February to observe the March 6 primary election and help out as needed, Tarrant County Judge **Glen Whitley** said.

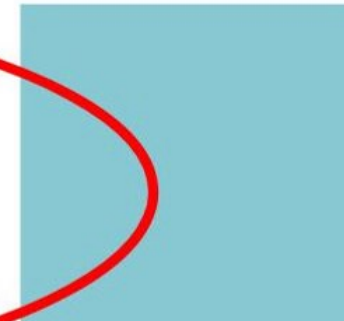

“We think he will be a good fit,” Whitley said.

Garcia will be sworn in as elections administrator after the primary.

The delay is to give him time to become a registered voter in Tarrant County, which Whitley said he must do before he can be sworn in.

He replaces **Nathan Neblett**, a Houston man who held the post for two weeks in January before county officials decided to “release” him from the post.

“We just decided it wasn’t going to be a good fit for us,” Whitley [said at the time](#). “We decided to go in a different direction.”

# New voting machines in Tarrant County

September 3, 2019

Tarrant County voters will be casting ballots on new machines for this year's Nov. 5 constitutional amendment election. County Commissioners recently signed off on an \$11 million plan to buy this new equipment, part of Austin-based Hart InterCivic's Verity line.

These machines, approved for use by the Texas Secretary of State's office, include a paper trail.

Voters will use a touchscreen to review the ballot and make their choices. The machine will print a list of the candidates chosen. After reviewing votes on the sheet, voters must put their paper ballot into one of the scanners to formally cast their vote and drop it into the ballot box.

Tarrant County Elections Administrator Heider Garcia has asked the state to allow countywide vote centers — which would let voters cast ballots at any polling place in the county on Election Day — as soon as the November election.

# Tarrant GOP Denies County Turned Blue, Makes Trumpian Claims of Irregularities

LAUREN DREWES DANIELS | DECEMBER 1, 2020 | 4:00AM

The Tarrant County GOP is quite agitated the county has been cast as “blue” after the Nov. 3 general election. As mail-in ballots trickled in after Election Day, the seesaw tipped ever so slightly Democratic under the weight of about 1,826 more votes cast for the Biden/Harris ticket than Trump/Pence. It’s not much, but this isn’t horseshoes.

The county hadn’t voted for a Democrat for president since 1964.

# Tarrant County's lauded elections chief resigns, citing differences with new county executive

Heider Garcia, like many other election officials across the country, faced death threats that stemmed from lies about the outcome of the 2020 election.

## TARRANT COUNTY ELECTIONS ADMINISTRATION

April 16, 2023

The Honorable Tim O' Hare  
County Judge  
100 East Weatherford St.  
Fort Worth, Texas 76196

The Honorable GK Maenius  
Tarrant County Administrator  
100 East Weatherford St.  
Fort Worth, Texas 76196

Gentlemen,

Please accept this letter as my formal resignation from the position of Elections Administrator for Tarrant County. My last day with the County will be June 23, 2023. This will allow sufficient time to complete all work related to the May 6 Joint Elections, any potential runoff elections in June and a smooth handover of the operation. It will be my utmost priority to guarantee operational continuity of the department before my departure.

GK, thank you for your leadership, your support, and your guidance in my time here. You believed in me and provided me all the tools I needed to do my job. I say to you what I said to Judge Glen Whitley when we canvassed the November 2022 election: *"Thank you for your leadership, and for just letting elections officials do their job and stay out of politics. That means the world to us."* When leadership respects the team's values and shows trust, members of the team become the best version of themselves. You know this, Judge Whitley knew it, and because of that, I leave Tarrant County a better man and a better professional. Thank you, GK.

Judge O'Hare, my formula to *"administer a quality transparent election"* stands on respect and zero politics; compromising on these values is not an option for me. You made it clear in our last meeting that your formula is different, thus, my decision to leave. I wish you the best; Tarrant County deserves that you find success.

Sincerely,

Heider Garcia  
Elections Administrator  
Tarrant County

## Disabled Utah voters are asking the state for e-voting

Erin Alberty

Voter Everette Bacon aims his phone camera at the door to Trolley Square so a phone-access guide can see the "Vote Here" signs and direct him to the polling place inside.

Blind Utahns and disability advocates are asking for more access to digital ballots after running into trouble at polling places.

**Driving the news:** Utah's primaries are set for Tuesday. Leading up to them, blind Utahns only have two ways to cast ballots.

- They can vote by mail with another person's assistance, which means they can't vote in secret.
- Or they can go to a polling place for an audio ballot — but navigating there may be difficult.
